Participation

SBE 19 MALTA

International Sustainable Built Environment Conference Series

- SBE19 Malta is part of the 2019 International Sustainable Built Environment Conference Series.
- The SBE conference series is held on a 3-year cycle and maintains a core emphasis on peer-reviewed papers and displays of assessed projects.
- It has provided delegates with an unparalleled view into regional and international sustainable building issues every 3 years, while providing host organizations with increased visibility and effectiveness in their own regions.
- The series is convened under the auspices of 5 international organizations: CIB, iiSBE, UNEP-SBCI, FIDIC and Global ABC.
